

## Working Student Content Marketing (m./f./d.)

### About FyoniBio:

FyoniBio is a dynamic biotech company specializing in biopharmaceutical development and clinical study support. Located at the innovative Biotech-Campus Berlin Buch, we offer ISO 9001:2015 and partially GLCP-compliant services to biotech and pharmaceutical companies. As a young and forward-thinking company, we continually develop cutting-edge platforms and technologies to accelerate and enhance drug development.

### What You'll Do:

Are you passionate about social media content creation and eager to merge creativity with scientific and biopharmaceutical development? As a motivated Working Student in Content Marketing (m/f/d), you'll support our marketing team and gain hands-on experience in a growing biotech company. Expect a diverse range of tasks, from content creation to tools and strategies for marketing success evaluation.

### Your Responsibilities Include:

- creating engaging content for our LinkedIn profile, Google Ads, and FyoniBio's website;
- evaluating marketing performance statistics;
- developing marketing materials for scientific conferences, including flyer and booth design concepts.

### What We're Looking For:

We'd love to hear from you if you are:

- passionate about designing, writing, and planning content;
- interested in biotech topics and active on social media platforms;
- a proactive team player who thrives in a transparent, supportive environment;
- independent, communicative, and eager to take on diverse tasks.
- able to start immediately.

### Your Qualifications:

- currently pursuing a degree in Design, Marketing, or Life Sciences (e.g., Biotechnology, Pharma, Biochemistry);
- experience in design tools like Canva, Figma, or similar software;
- strong skills in MS Office and fluency in English (written and spoken).

### What We Offer:

As an innovative and future-focused company, we offer flat hierarchies, a collaborative work environment, and an open communication culture. Our positive corporate atmosphere is rooted in mutual respect and appreciation. Engaging and diverse tasks within motivated teams provide opportunities for independent and fulfilling work. In addition, we offer:

- flexible working hours and the possibility for hybrid/remote work;
- support from our marketing, business development, and scientific teams;
- insights into biopharmaceutical development and the scientific process;
- free water, tea, and coffee, as well as discounted meals at the Campus Mensa.

### Interested?

We'd love to meet you! Please send your CV, examples of social media content you have created, and your possible start date to Mrs. Stefanie Klunker at [personal@fyonibio.com](mailto:personal@fyonibio.com).

**FyonBio GmbH - Robert-Roessle-Str. 10 - 13125 Berlin**
